Classroom Happenings

Our third grade students will begin the bird nest monitoring program with Boxerwood next week called **Birds for Third**. Mr. Peter Hamel, a park ranger, introduced this program to our students before spring break. He will be leading our students on this exploration. We are excited to take advantage of this opportunity!

Just a reminder, our morning bell rings at 7:55am for announcements and final arrivals to class. Our academic day begins at 8:00am. Students arriving to school after 8:00am are considered tardy to school. We appreciate your cooperation.

Curriculum News

Math – Measurement/SOL Review

Students will review measurement.

Unit test on measurement on Tuesday.

Reading – SOL Review

Students will continue to read and find evidence in the text to support answers.

Social Studies – Ancient Mali

Students will describe the physical and human characteristics of Ancient Mali.
